- Summarize your research on existing portfolio website design.

I noticed with all the previous website designs that they focused heavily on promoting their work. There was not a lot of text and there was mostly imagery. All the designers' layouts were easily accessible with quick links to many of their distinctive designs.

Creative Brief:

Objective:

- Provide a place to highlight my work.
- Create a platform to express myself and help viewers get access to my art.
- Easily accessible for other viewers to get to know me.

Audience

- People who are interested in my artwork.
- Young adults
- People searching for my artwork.

Look and Feel

- Fun and creative
- Full of artwork
- Authentic
- Personal
- Simple
